

Introducing the New Weld Fume Extractor

Portable Weld Fume Extraction

The AAF Weld Fume Extractor is a robust portable filtering unit designed for easy transport from operation to operation and suitable for most weld fume removal applications, including stainless steel fume extraction.

The extraction arm is the easiest to use in the industry and is engineered to stay in place, regardless of position.

In addition to being easy to use and maneuver, the powerful 1,200 CFM/2,040 m³/h fan also operates at a quiet 69 dBA. The main filter can last for up to 2,000 hours of fume collection.

Benefits & Features

- High efficiency final filter allows for toxic dust collection such as stainless steel applications
- Easy to move and stay in place arm ensures optimal fume extraction with ease
- Flanged hood ensures the lowest pressure losses for maximum fume capture
- Ease of assembly means a working collector, faster
- A pre-filter ensures a long continuous service life of the main filter

Technical Data

- Dimensions (W x D x H): 31" x 29" x 37" (788 mm x 737 mm x 940 mm)
- Weight (without arm): 234 lbs. (106 kg)
- Diameter extraction arm: 6" (153 mm)
- Length extraction arm: 10' (3 m)
- Power supply: 115 V (17 m²)
- Noise level: 69 dB(A)
- Filter method: 2-stage
- Filter type: Disposable filter
- Filter surface: 183 ft.² (17 m²)
- Filter efficiency: > 99%
- Filter material: Non-woven fiber
